### **Description**

Using this as a tentative placeholder for our follow-up discussion on the Bull/Pound Phased TMDLs. Let me know if this time/date works.

Items we need to follow-up on:

1. EPA TMDL/NPDES staff will meet to identify potential issues/solutions for TMDL approval by May 1, 2011
2. DMME/Maptech will identify potential short-term (by Feb 15) and long-term revisions to the Bull & Pund TMDL reports.
